- ◇ Toccoa River

Tired of working, fed up with the everyday rat race, tired of traffic jams? We have something for Ya'll, just 2 hours north of Atlanta in the North Georgia Mountains

Spend a weekend or a full month's vacation nestled in a mountain and on a river deep within the Chattahoochee National Forest. You can relax rocking on the porch, reading a good book or taking a walk along the river or into the national forest. Fall asleep to the sound of the river running by or the rain hitting on the tin roof.
